

INFORMATION TECHNOLOGIES

The Information Technologies (IT) Department assists county departments to improve their business processes by proposing and deploying IT solutions. The staff provides daily support for the existing computer systems, maintains data integrity, plans the architecture, and builds the infrastructure necessary for information to be efficiently and effectively shared between employees and with the citizens of Spartanburg County.

FY 2009/10 Budget Highlights & Initiatives

- A reduction in Contract Services, eliminating funding from the account. Funding in prior fiscal years was one-time funding for an information technologies strategic plan.
- A decrease of \$16,390 in Data Communications, from \$143,498 to \$127,108 in FY 2009/10 to reflect lower anticipated costs.
- An increase of \$33,534 in Maintenance Agreements, from \$368,708 to \$402,292 in FY 2009/10 to reflect higher anticipated costs.

| Programs and Functions | Description and Goals | FY 2009/10 Budget |
|------------------------------|---|-------------------|
