Budget Plan Summary

The Budget-in-Brief summarizes Spartanburg County's fiscal year (FY) 2010-2011 budget plan by highlighting key budget features, and presenting an overview of County revenues and programs. The County's fiscal year runs from July 1, 2010 to June 30, 2011. The primary goal of the Spartanburg County Budget plan is to present a financial plan that can be used by County officials to provide for a safe and secure community, maintain and improve our infrastructure, provide quality customer service, and enhance our quality of life.

Operating Budget Overview

The FY 2010-2011 Adopted Operating Budget represents the best effort to provide necessary County services while maintaining financial stability through the ongoing economic recession. The spending for all funds is \$151,216,689 an increase from the Adopted FY 2009-1020 Operating Budget. The General Fund operating budget decreases 3.7% over FY 2009-2010 while maintaining the same customer service levels.

Capital Improvement Plan Overview

The FY 2010-11 Capital Budget includes \$15,627,481 in funding for capital projects, including \$5,768,700 for road and bridge related projects. \$11.43 million is appropriated for on-going capital projects and \$4.20 million for one-time capital projects. Capital projects are financed by \$12.17 million in pay-as-you-go funding and \$3.45 million in debt service proceeds.

Long-term Debt

At the end of FY 2009-2010, Spartanburg County's total outstanding debt was \$65,590,000. A portion of this debt is backed by the full faith and credit of the County while the rest is secured by a pledge of revenue sources. The projected debt limitation as of June 30, 2010 was \$77,735,747, and the amount of outstanding debt to be applied against that limit is \$ 30,570,000.

General Fund Reserve

County staff will continue to work during FY 2010-2011 to identify ways to fortify the General Fund reserve levels so the reserve may be maintained in accordance with County financial policies. The FY 2010-2011 budget includes a \$3.0 million contribution to the General Fund available fund balance.

REVENUES

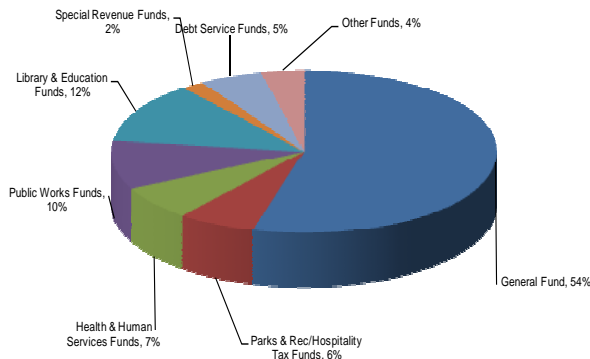

Property tax reform legislation (State Act 388) adopted by the State Legislature continues to constrain growth in the taxable base, significantly limiting the County's ability to address long-term needs. This tax reform caps real property appraised value growth at 15% at the five-year reappraisal intervals.

The Local Government distribution from State revenues is budgeted at an 18.5% decrease from the FY 2009-2010 levels. Federal revenues consist mostly of grants and decrease 21% from FY 2009-2010.

Interest rates continue to hover at historically low levels thus continuing the downward turn of interest earnings. Previously, interest earnings offset credit card service charges. Interest earnings can no longer cover those service charges so taxing entities will be asked to help shoulder the cost.

Millages for the General Fund, Charles Lea Center, Spartanburg County Libraries, Parks Commission, and the Spartanburg Community College remain unchanged from FY 2009-2010. The only millage adjustments for FY 2010-2011 are related to new debt issued in FY 2009-2010.

A comprehensive analysis of all fees is underway to implement cost recovery policies.

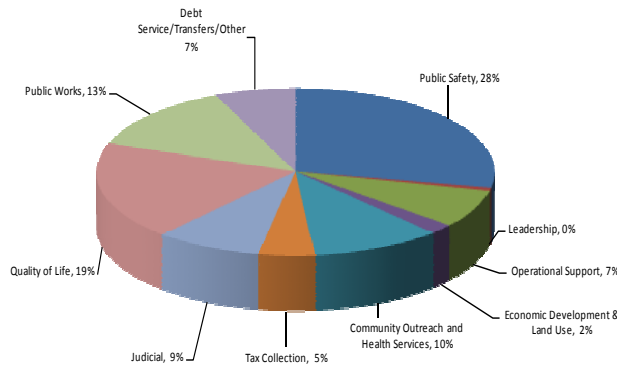

EXPENDITURES

Efforts were made across all program areas to reduce expenditures to meet the budgeted revenues for FY 2010-2011. The following are highlights of the FY 2010-2011 Operating Budget Expenditures.

Vacant positions will remain frozen for FY 2010-2011 yielding savings across program areas.

A higher deductible in workers' compensation insurance and changes in retiree health plan benefits resulted in over \$1.0 million in savings.

Public Safety: During FY 2009-2010 the Mobile Data Technology project was implemented in the Sheriff's Office allowing for reductions in Overtime, Contract Services, and Operating Supplies. The Detention Center budget is lowered through a staffing solution to lower overtime costs. An administrative position was added in the Coroner's Office.

Community Outreach and Health Services: Due to reduced funding, SADAC closed their Detox center reducing the overall budget.

Outside Agency Funding: Funding for the Arts Partnership and the History Museum was moved from the General Fund to the Hospitality Tax Fund. The new Spartanburg Tourism Corporation was also funded.
